AARP PHARMACY SERVICES (PRESCRIPTION DISCOUNTS)

Description:

Prescription medication coverage can change each year. AARP Prescription Discounts provided by Optum Rx allows users to find affordable options when it comes to filling their medications. It's not insurance, but it helps you get discounts on prescriptions, and could save you more than your current coverage.

How to use your Rx card

Show your digital Rx card to your pharmacist.

Ask your pharmacist to check the cost of your prescription, and if you have insurance, you can see which one saves you more. If you don't have insurance, there's no need to compare options.

After you've compared your options, you can decide whether to pay for your prescription with your insurance OR your digital Rx card. It's up to you!

This free discount card can help you get discounts on FDA-approved medication nationwide. It's as easy as searching for your medication, finding the nearest pharmacy location with the best price, and going to pick up your prescription. There is no membership, no fee, and no personal information needed to get started.
